SUMMARY

Quinn is a bright and bubbly tween who is keen to learn and has a zest for new experiences. Her exotic look comes from her Malaysian heritage on her mother, Nicola's side.

Fascinated by the arts, especially film and television, Quinn has always had the goal of being on stage or in a movie, TV show, or Commercial. Quinn's Father is a career cameraman in Television, so it's no wonder why Quinn has an interest in performance and media production.

Similarly, Quinn also has a deep love for music. After taking beginner guitar lessons at the age of 5, Quinn is now an accomplished musician with a lengthy repertoire of songs she can play on both acoustic and electric guitar.

Quinn is fully bilingual, able to read, write, and speak in both English & French.

Quinn is an avid soccer player and is a very strong swimmer as part of a competitive swim team. She also has a true compassion for animals; she is as comfortable on a farm around the cows and pigs as she is tending to her own dog and cat.

Quinn's family fully supports Quinn's aspirations and understands the hours and dedication required in order to see Quinn excel in her passion for acting.
